Dear Parents/Carers,

## Year 10 Curriculum Information – Autumn 1

As part of our ongoing commitment to fostering strong communication between home and the Academy, we want to ensure that you have easy access to the curriculum information that outlines what your child will be studying this Autumn term. This will allow you to engage in meaningful discussions and offer valuable support to your child's learning journey.

Year 10 is a pivotal time in your child's education, as they begin to deepen the knowledge and skills acquired in previous years and start preparing for their GCSE examinations. These exams represent an exciting milestone in your child's academic journey and will open doors to a wide range of future educational and career opportunities. By gaining a solid understanding of the curriculum and staying engaged in their learning, they will be well-equipped to approach the challenges ahead with confidence and success.

Your involvement in your child's education is essential. By regularly discussing what they are learning, reviewing their progress, and supporting their revision of key topics, you can help ensure they remain on track and feel confident in their studies.

Please find below important curriculum information, which is also available on the Academy website.

### What is my Year 10 child learning?

Please click [here](#) for information on what is being studied in Year 10 during Autumn 1.

Please click [here](#) for detailed information for each of the subject areas, including what is studied, why it is studied and when.

Please click [here](#) to read Avonbourne Boys' and Girls' Curriculum Statement and [here](#) to read how we deliver our curriculum to support all learners.

Yours sincerely,

**Brianna Fairbank**  
**Assistant Principal**
